

Product Data Sheet

5W30 SQ/CF Fully

DESCRIPTION

5W30 SQ/CF Fully Synthetic is a high-performance fully synthetic engine oil formulated with advanced synthetic base stocks and a superior additive system. It delivers outstanding lubrication, exceptional wear protection, and excellent thermal stability for gasoline and light-duty diesel engines. Its advanced formulation minimizes friction, reduces deposits, and supports smooth and efficient engine performance across a wide range of temperatures.

APPLICATION

5W30 SQ/CF Fully Synthetic is recommended for gasoline and light-duty diesel engines in passenger cars, SUVs, light trucks, and commercial vehicles. It is ideal for engines operating in high-temperature environments, frequent stop-start conditions, long-distance driving, and modern vehicles requiring stable, high-performance fully synthetic protection for improved fuel efficiency and engine cleanliness.

FEATURES AND ADVANTAGES

- Superior protection against wear, sludge, and deposits
- Excellent cold-start performance with fast lubrication
- Outstanding oxidation and high-temperature stability
- Reduced friction for smoother and more efficient engine operation
- Suitable for gasoline (SQ) and older diesel engines (CF)
- Consistent performance in city, highway, and heavy-use conditions
